BOOST AMSTERDAM

1 day workshop
introduction to the
Go Deep game
learning to work on
community driven
change and personal
transformation

DIVERSITY MAKES US BIGGER

MAY 12TH 2017

INVITATION TO PLAY

May 12th 2017 10-18h @ Boost Amsterdam

The Go-Deep Game is for everyone who wants to play at strengthening relationships in community and is ready to take a deep dive into the group and one-self: bringing together diversity makes us bigger, not smaller.

ONE DAY WORKSHOP @ BOOST

We invite you to experience the power and dynamics of this game. Together with us and around 30 other players we'll discover the deeper dynamics in groups and within ourselves.

WHAT GO-DEEP IS ABOUT

Go-Deep focuses on joint action to build community and brings attention to dynamics that are invisible to the eye, but play out in our day-to-day interactions (like diversity, power, rank, emotions, creativity).

By exploring these dynamics within the group and within ourselves and at the same time working to realize a collective goal, we'll learn to work on community driven change and personal transformation.

WILL YOU BE THERE?

WHEN

Friday 12th of May
10h - 18h

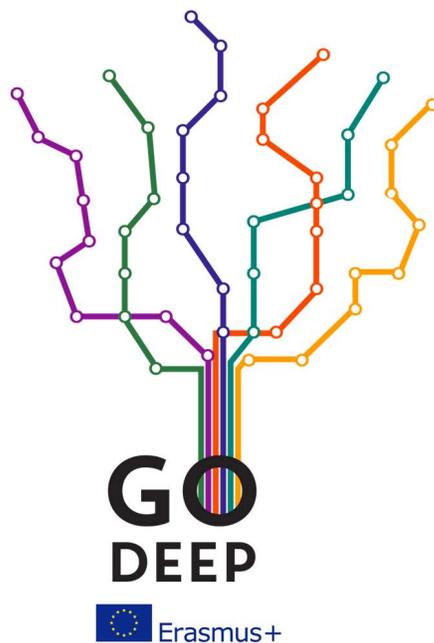

(no costs, take €5 for local lunch)

WHERE

Boost Amsterdam
Ringdijk 41, Amsterdam
www.boostamsterdam.nl

What is the Go-Deep Game?

Go Deep is a process-oriented game around joint action, while looking at the deeper process in the group and the individual. It aims to provide a playful answer to one of the biggest needs throughout Europe: strengthening of relationships and communities in a way that bringing together diversity in people and their perspectives, makes us bigger not smaller.

Methodology

The game consists of a mix of powerful elements that provokes community driven change. It brings together 15 years of experience of application of the Elon philosophy and more than 25 years of presence of Process Work & Deep democracy. Go-Deep provides a process, language and toolkit that combines the lightness of play with the depths of dynamics in ourselves and in the community.

Playing the game

The game is an invitation to work for 3-7 days in a community setting on joint action and personal transformation. It's not just an average game: it allows a process that is fun, but will demand for you to do some work on yourself as well.

The game consists of cards that guide a group of participants through a process of action and discovery. There are 6 possible routes for the participants to follow: power & empowerment, under the surface emotions, diversity, creativity, togetherness or vision line. The group will choose collectively which path to explore; each path will lead to the realization of a community-driven challenge.

European partnership

The game is developed by a network of partners from different European countries and is currently tested in various contexts. Partners involved: Xena Centro Scambi e dinamiche interculturali (Italy), Altekio (Spain), Comunitazione (Italy), Diversity Matters (Scotland, UK), Elos (Netherlands) and Elos (Brazil).
